Economic analysts were surprised by the trend, since they had predicted that the rise of dry-cleaning costs would take a toll on silk manufacturers. To: All employees

From: Sarwar Ahmed

Date: May 13

Subject: Construction notice

Starting May 18, construction will begin at Abrinton Insurance headquarters. We are very excited about the renovations to our office space and believe that they will enhance our work environment tremendously. However, during the construction period, we ask that employees make some basic changes to their office routines.

First of all, please use only the back door until May 26, as the front door will be blocked. In addition, the kitchen on the first floor will be inaccessible while it is being updated. Consequently, all employees must use the third-floor kitchen until the update is finalized on May 28. Since we will be sharing a much smaller kitchen space, please label the food items you keep in the refrigerator and minimize the time you spend on food preparation in the kitchen. Apart from some unavoidable noise and extra traffic, the second through fourth floors should not be affected by construction.

If the construction crew is able to complete the work on schedule, the renovations will be finished on June 2. Thank you in advance for your patience.

Subject: Shirt exchange

Date: February 21

Dear Customer Service,

On February 15 I ordered a Classic Shirt, product number SC-030, which I received on February 20. After trying it on, I realized that the shirt is too large for me, so I would like to exchange it for a size medium shirt. However, my work requires that I move abroad for an extended period of time; I am scheduled to leave on the evening of February 27. I sent the shirt to you by regular mail today. Will my exchange be processed in time for me to receive the new shirt at my current address? If not, would I be required to pay additional charges for having the shirt sent to my new location in Paris, France? In that case, I would like to request a refund.

Thank you for your help.

Subject: Arjun Verma

Dear Ms. Sullivan,

Arjun Verma listed you as a reference when he applied for the position of equities analyst at Lynott Consulting. I have had a preliminary phone interview with Mr. Verma, and he is now under consideration for a final interview. Since you were his supervisor, I would like to get your review of his performance at Harmont & Company in the position of junior analyst. Particularly, I would like to know about his ability to use Allox Pro, STYS Technology, and other statistical software programs. Additionally, since the position here requires some supervisory skills, did he have an opportunity to manage any staff members?

Thank you for your time and help.

Sincerely,

Hannah Grant
